Institute**

\$3 million

We've approved over \$3 million dollars in grants to over 200 community organizations.

60+

We've provided support, training, and coaching for over 60 organizations.

20+

We've organized over 20 events as a civic leader.

HAITIANS REBUILDING HAITI

At Haiti Development Institute (HDI), we believe that real progress in Haiti is only possible with strong civil society organizations at the forefront of change. We empower local leaders, organizations, and social entrepreneurs with the skills, tools, resources, and connections they need to lead community development. To aid in this effort, we connect philanthropists with credible local organizations and investment opportunities that lead to truly impactful, sustainable development.

A HAITIAN INSTITUTION DEVOTED TO COMMUNITY DEVELOPMENT

We are a legacy of The Haiti Fund, a five-year fund established by The Boston Foundation in response to Haiti's devastating earthquake in 2010. We've been on the ground in rural Haiti for ten years, and we've built relationships with nearly 1000 local organizations working to improve agricultural output, develop livelihoods, empower women and girls, and strengthen their communities.

OUR APPROACH

Mobilize ▶ **Connect** ▶ **Transform**

VISION 10

Our Mission

We work to build communities by supporting local leaders, strengthening organizations, and connecting stakeholders for systemic impact.

We Are...

Capacity Builders

We build credibility in grassroots organizations by growing capacity.

TRAINING + COACHING

We help local organizations strengthen their leadership, financial management, project/program management, and community development planning.

NONPROFIT ACCOMPANIMENT

We provide flexible, tailored services and virtual incubation to support nonprofit growth and effectiveness over time.

Catalysts

We support community development and collaboration by serving as a civic hub.

CIVIC LEADERSHIP

We bring stakeholders together across communities and sectors to promote public-private partnerships and identify and push levers for change.

INFORMATION + LEARNING

We collect and assess data to inform community planning and philanthropic investment, and organize platforms for learning among funders and practitioners for change.

Connectors

We facilitate impactful philanthropy that fosters systemic change.

PHILANTHROPIC ADVISING

We leverage cultural competency and field expertise to help funders create giving strategies and connect to local organizations.

GRANT ADMINISTRATION

We administer grantmaking programs for funders as an intermediary, conducting due diligence and monitoring and evaluating the impact of giving.
